### CENT\$ATIONAL HARRY AND THE BALANCE OF LIFE

*A play based on the new National Financial Literacy Framework*

This play is commissioned by **Ethical Investor** and sponsored by **Bank of Queensland**. The story tells of Harry, a colourful Ocker character, who embarks on a quest to discover a rare and valuable commodity in order to save the lives of his two very special friends.

Harry learns he must master the responsible use of a credit card, mobile phones, seductive advertising, balancing a budget, distinguishing wants from needs and scale the “seven sensational steps to success”.

He realises that achieving his goals not only involves risks and competitive drive, but also includes trust, teamwork, co-operation, caring and sharing.

The balance Harry achieves in the world of money parallels his own emotional and physical journey.

I, \_\_\_\_\_ (Parent / Carer) give permission for my son/  
daughter, \_\_\_\_\_ to attend the touring play, **Cent\$ational Harry and the**
